Hi Milene & Rachel,

Just following up on this. In compliance with the COVID-19 guidelines and to be in line with the other teams, the clean up will proceed as spot-cleaning only on April 8th unless you have any objections! Please let us know,

Thank you and stay safe!

Greetings Rachel, how are you?

C.D13 Hector Vega has been notified and is on board. He will send an email to coordinate LA River clean up dates.

With kind regards,

Great. I will check with CD 13 and circle back. Do we need to get pictures for the LA River?

Hi Milene and Rachel,

No date has been set yet. However, with the rotational calendar, CD4 and CD13 will always have back to back service days on Tuesday and Wednesday respectively, so it's just a matter of selecting which week you would like to reserve NE division for Tuesday and Wednesday. Just let me know what the agreement is with CD13!

I don't think we have the April calendar yet, right Leon/Diana?

Hi all,

Do we have a specific date for NE Division in April? CD 13 confirmed we would need back to back dates.

Best,
Rachel

Thanks so much, Leon!

I think back to back clean ups will be very helpful.

Rachel, let's touch base with CD 13 to see what day in April works best.

Thanks all,
Milene

Hi Milene and Rachel,

Diana and I would be happy to assist. We have also included Bladimir Campos, the LASAN liaison to CD13.

Is the cleanup planned to take place over the course of one day or two days? CD4 has regular Tuesday cleanups and CD13 has regular Wednesdays so a back to back cleanup is possible if necessary. Once your office and CD13 has settled on a date, we can discuss further.

Thanks,

Hi Milene,

I would like to see if we could coordinate a CARE+ clean up with CD 13 along the LA River (NE Division). Since it's so far in advance, I'm guessing we don't have any dates for April yet. But I wanted to put it on your radar since coordinating with another Council Office complicates things a bit. Let me know if you have any questions.

Best,
Rachel
